

HANJIN D&B

HANJIN DRILL RIG & BORING CO., LTD.

Thank You for visiting HANJIN D&B, a holding company
building a better future filled with dreams.

Launching as a drilling machine manufacturer on March 1988, Hanjin D &B has been an outstanding company which has produced many sorts of high-tech engineering and construction machinery for last 25 years and also built a great record of selling 2500 drill rigs.

We greatly appreciate the customers who have always supported us. We have continuously developing our productivity as well as design and field staff in order to meet our customer's requirement and match the-top-of- the-world quality with the best production system.

We are not satisfied on this. Forward on, we promise to concentrate on development of the new technology to solve any kinds of request from the construction area.

We had exported our drilling equipment to over 50 countries of the world at last year of 2007. We assure of you that we will try to supply all of our equipments of best quality and conditions to all over the world.

Partner of the world for the life and the future.

Hanjin D&B will make an overtechnology world which makes human and technology coexist together by constructing business with drilling machines.

Using creative technology to make good and comfort future. Using the technology to think human kinds and nature first, and toward beautiful life.

Hanjin D&B will participate more and more to the world to make it better.

Thank you.

Hanjin D&B Co., Ltd

2nd Factory(Kwang Ju, Korea)

We, HANJIN D&B CO., LTD. are mainly engaged in manufacturing the machineries for the civil engineering projects and Under-ground water developmental equipments since year 1998.

Hanjin D&B Co., Ltd

1st factory(Kwang-gu, Korea)

We are sure that all the water projects can be achieved on projected time schedule with our equipments.
